SMALL WORKS

GUEST CURATED BY BILL CARROLL

Opening Reception: Thurs, July 6th 7-9pm

On view through July 27th

Summer Gallery Hours: MWTh 1:30-6:30

I was amazed by how consistently high the level of artwork was in this year's submissions for "Small Works". It was exciting to see such good work happening in all different areas of contemporary art. In making my selections, I created categories organized by media and subject matter, and at times it was very challenging to decide what to keep in and take out of the final selection for the show. I feel privileged to review such a great range of artwork from the New York area, nationally, and internationally.
